Valentine's Day

Volume 20, Issue 02

February 2018

15% of U.S. women send themselves flowers on Valentine's Day.

73% of people who buy flowers for Valentine's Day are men, while only 27 percent are women.

About 1 billion Valentine's Day cards are exchanged each year. That's the largest seasonal card-sending occasion of the year, next to Christmas.

About 3% of pet owners will give Valentine's Day gifts to their pets.

Alexander Graham Bell applied for his patent on the telephone, an "Improvement in Telegraphy", on Valentine's Day, 1876.

“FUND 4 FRANK DAY” A HUGE SUCCESS!

The start of 2018 at the Wilmington Island Club has been one to remember. We came out with a bang raising over **\$14,000 for Frank**.

The participation for the tournament speaks more than words about what everyone at the WIC thinks of Frank. He is not only a legend but the friendliest big smiling guy I know. Not only did I witness profound sup-

port for Frank but the fellowship and camaraderie evoked a strong sense of pride and community here at WIC for both members and employees.

I am proud to say I work here at WIC and looking forward to seeing the positive vibes continue for the rest of 2018!

A great day to bring a guest. Each member may bring up to three guests to receive the special rate of \$48. The fee includes golf, lunch and a tee gift. The fee for the member is \$24 which includes golf and lunch. This event is scheduled for one Wednesday a month. Take advantaged of this opportunity.

FEBRUARY 22nd MGA ANNUAL MEETING 2018 Tournament Dates will be announced at the meeting.

Golf Tip from your Pro

A chill in the air affects the ball after it is struck.

Cold air is denser than warm air and creates additional drag on the ball.

Former USGA technical director Frank Thomas has said the difference is about two yards of carry for every 10 degrees change in temperature.

Going by Thomas' math your looking at a loss of six yards is your are playing the 42 degree temps as opposed to 72 degrees..

Your golf professional,
Michael Assey

To participate, all players must sign up by the Tuesday prior to the scheduled tournament. Call the Golf Pro Shop 897.1615

Professional Tip Re-grip your clubs

It is recommended that all grips be replaced every 4-6 months. Bring in your clubs to be re-gripped. This will allow you to hold on to the club and minimize the turning of the clubface during the swing.

Can grips really improve my game? By themselves, fresh grips can only allow you to approach your potential as a golfer. A national survey of golfers showed that 66% of those who had clubs re-gripped showed an **average drop of three to four strokes per round!**

Drop your clubs and we will re-grip your clubs within 24 hours

Tennis Tip to start your season....

Simple but so important...

Early Preparation

You cannot prepare soon enough- turn your hips and shoulders before the oncoming ball bounces on your side. **GET THAT RACQUET BACK!**

IF AT FIRST YOU DON'T SUCCEED...

Try doing what your

COACH

told you to do the first time.

HAPPY VALENTINE'S DAY

Roses are red, violets are blue,
I shanked that ball, 'cause I was looking at you.

A groundhog's not so very scary
Except once every February;
Then his little shadow holds
An early Spring, or lots more cold.

Happy Groundhog Day!

Valentines Day is not the only special day in February...

let's not forget **Groundhog's Day**.

- If it is **cloudy** when a groundhog emerges from its burrow on this day, then **spring will come early**
- If it is **sunny**, the groundhog will supposedly see its shadow and retreat back into its burrow, and the **winter weather will persist for six more weeks**
